Dear President Herring:

The Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges, at its meeting June 9-11, 2010, reviewed the Follow-Up Report submitted by College of Alameda and the report of the evaluation team which visited Monday, April 12, 2010. The purpose of this review was to assure that the recommendations made by the evaluation team were addressed by the institution. The Commission took action to accept the report, and require College of Alameda to submit a Follow-Up Report by **October 15, 2010**, demonstrating the college has completely addressed Recommendation 1 of the 2009 comprehensive evaluation team. The report will be followed by a visit of Commission representatives, and the college is advised to have evidence available to support its report.

Recommendation 1:

In order to meet Standards and build upon the considerable progress made in developing a systematic, integrated district-wide planning process, the team recommends that the college move forward in implementing its own comprehensive and integrated strategic planning process that is tied to the college's mission, values, goals and priorities and includes the evaluation and refinement of key processes to improve student learning and promote institutional effectiveness (Standards 1A.4, 1B.2, 1B.3, 1B.4, 1B.6, 1B.7, 2A.1.a, 2A.2.f, 2B.4, 2C.2, 3A.6, 3B.1.a, 3B.2.b, 3C.1.c, 3C.2, 3D.1, 3D.3, 4A.1, 4A.2, 4A.5, 4B.2, 4B.2.b).

The Commission also acted to place College of Alameda on **Probation**, effective immediately, for significant deficiencies identified by the 2010 Special Visit Team to the Peralta Community College District.

The Peralta Community College District and its Board of Trustees provide policy and fiscal and other management and support services that support the four colleges of the District. When the District and its Board of Trustees fail to operate in a manner that meets Accreditation Standards, the deficiencies may jeopardize the accreditation of all of the District's colleges. Responsibility for correcting the deficiencies is with both the District as well as the colleges. (Please see *Policy and Procedures for the Evaluation of Institutions in Multi-College/Multi-Unit Districts or Systems.*)

Probation is issued when the Commission finds that an institution deviates significantly from the Commission's Eligibility Requirements, Accreditation Standards, or policies or fails to respond to conditions imposed upon it by the Commission. The accredited status of the institution continues during the Probation period.

Enclosed please find a copy of the Commission's letter to the Peralta Community College District and the Team Report outlining the reasons for the sanction of Probation.

I wish to inform you that under U.S. Department of Education regulations, institutions out of compliance with Standards or on sanction are expected to correct deficiencies within a two-year period or the Commission must take action to terminate accreditation. College of Alameda and the Peralta Community College District should resolve the deficiencies noted by **June 2011** or the Commission will be compelled to act.

The Commission requires that you give the college report, the Commission letter to the Peralta Community College District Chancellor, and this letter to College of Alameda appropriate dissemination to your college staff and to those who were signatories of your college report. This group should include the Chancellor, campus leadership, and the Board of Trustees. The Commission also requires that all reports be made available to students and the public. Placing copies in the college library can accomplish this. The Follow-Up Report and Commission action letters will become part of the accreditation history of the College and should be used in preparing for the next comprehensive evaluation.

Finally, ACCJC staff is available to assist the College with consultation and advice on accreditation matters. Please call the office if you have any questions or requests.

On behalf of the Commission, I wish to express my continuing interest in the institution's educational quality and students' success. Professional self-regulation is the most effective means of assuring institutional integrity, effectiveness, and quality.

Sincerely,

Barbara A. Beno, Ph.D.
President
